Summer Internships

The first year of the course is designed to give industry exposure to the students. Summer Internships are six to eight weeks long.

Students are required to undergo a mandatory internship in order to apply the concepts they have learnt in the class. The internship is a unique feature for the students as it helps the students gain practical knowledge of the industry.

This year students were placed at companies like MARSH, Aditya Birla Fashion Retail Ltd, HPCL, Marico, Acme Housing. One student seek internship on her own at KPMG

The students have been offered different verticals like Compliance, Business Development, Litigation management, GDPR and Finance.

About the Program

MBA (Law) is country's first of its kind program, designed to fulfil the needs of contemporary business ecosystem. The program offers a unique blend of courses streaming from business laws and various facets of management. Introduced by India's leading B-school, School of Business Management, NMIMS, Mumbai the program exemplifies excellence in all the areas, including academics, faculty, learning infrastructure, technology and industry reach.

Corporate Projects

The students of MBA (Law) have been engaged in numerous corporate projects with various organisations like Economic Laws Practice, Suvidha Lifespaces, Zagaaz and Risk Pro. Corporate projects are generally for a minimum period of 4 weeks. These projects help the students to gain experience of a different sector than their internship, helping them explore their other areas of interest.

Campus engagement

The Bar Meets Business, is a year-round series of guest lectures curated for students of MBA (Law) to help students understand the evolving roles of lawyers in current business dynamics and gives a chance to students to interact with legal professionals from various industries. Various Stalwarts from the industry visited the campus as a part of this guest lecture series and interacted with the students.
